RG

OBJECTIVE

I am a full-time software developer living in Melbourne, Australia. I have a passion for front end architecture/design and CRM workflows. I am skilled in many programming languages and competent in many more. Always willing to learn more about computing and programming. I am available for some part time contract work, contact me if interested.

SKILLS

- Java
- PHP
- HTML /CSS/JS
- Python
- Ruby

EXPERIENCE

SOFTWARE DEVELOPER • CAPITALROAD • 05/2019 – PRESENT
I am currently helping with development of a large-scale Java EE rest API; coupled with an innovative React front end.

SOFTWARE DEVELOPER • COMMON GOOD MEDIA • 02/2021 – PRESENT
I am currently helping with development of a legacy PHP application; focused on improved the user interface and user experience of the site.

DATA ENTRY • YOUR NEW RECRUIT • 07/2014 – 12/2014
Collected and entered data in databases and maintained accurate records of valuable company information.

EDUCATION

BACHELOR OF TECHNOLOGY (COMPUTING STUDIES) • 2017 - 2019 • ROYAL MELBOURNE INSTITUTE OF TECHNOLOGY
I have built a solid foundation in programming and information technology skills, while also studying non-IT topics such as; Business and Finance.

CERTIFICATE III IN BUSINESS • 2014 • LAKEVIEW SENIOR COLLEGE
Studied and learnt about common business practices such as; producing spreadsheets, applying WHS legislation to the workplace and organizing personal work priorities and development.

VICTORIAN CERTIFICATE OF EDUCATION • 2016 • LAKEVIEW SENIOR COLLEGE
Studied English, Math Methods, Business Management, Information Technology and Visual Communication & Design.
